ALANAS MIEŽETIS

VIDEO PRODUCTION SPECIALIST

ABOUT ME

I am professional video editor with end-to-end production experience - from on-set coordination to polished post. I've created hundreds of videos, with several crossing 6 million views and generating strong ROI for brands.

What sets my work apart is the blend of design fluency and editing precision - striking visuals matched with sharp storytelling. I don't just cut videos - I craft narratives that convert attention into action.

My core values are sincerity and extreme ownership. I don't miss deadlines, and I don't dodge responsibility. Want a deeper view of how I operate? I'm open to sharing my PI Behavioral Assessment and NEO PI-R results.
